Dear Harold Weisberg,

Thank-you for your reply of 10-9-76 to my letter of inquiry concerning your lawsuits.

I would appreciate any update you can give me on any new developments pertaining to the suits. Because of our "free" press it is rather difficult in St. Louis to keep up on the specifics of the case.

I would also like to purchase the "Post Mortem" book on the assassination. My check for $10.75 is enclosed.

I have been showing the Zapruder film in various classes in my school district. In addition I have shown it to nearly 100 other adults and their reaction has been typical - "Why hasn't this film been made public before now?" I just want you to know that "Mid America" is behind you on your efforts to disclose the truth. Please keep plugging away for us and all Americans.

I look forward to hearing from you.

Sincerely,

Tom Richards
